Mr. Daie Lundgren  
Lundgren Management Corporation  
3535 Inland Empire Blvd., #26  
Ontario, CA 91764

Dear Mr. Lundgren:

It is with great pleasure that I write this testimonial for Lundgren Management, Corporation. As Director of Facilities Planning and Operations for the Ontario-Montclair School District, I have been afforded the opportunity to benefit first hand from the talents of the Lundgren construction management team. This testimonial is best exemplified in the following examples.

In July 2006, the district started construction of a multi-school State funded modernization project involving four middle schools with a construction value exceeding \$10 million. I am pleased to share with you these projects are scheduled for completion this January within budget despite the rigid funding structure of the State's Financial Hardship Program,

Mr. Watt, Project Manager, and his support team's relentless commitment to cost containment, schedule recovery, and customer satisfaction truly made a difference in the successful completion of the above mentioned project. Mr. Watt is extremely intelligent, very organized, and appears at ease when working under stressful situations. He and his team always seek win/win solutions whenever possible and keep the goal of the mission in sight. Mr. Watt's attention to details is impeccable and he and his team remain tenacious when defending the district's position during change order negotiations and contractor workmanship deficiencies. I have always found Lundgren Management team representatives to be professional, courteous and a pleasure to work with.

I look forward to working with your firm on future projects.

Sincerely,

Craig Misso  
Director, Facilities Planning and Operations
